Right after graduating I left the first of August to go work for the FBI in Washington, DC. Met my first husband, Ted Amos, there and we moved back to Watertown in July of 1973. Between my husband and our own boys, we raised 4 boys. In 1983 we moved to California for the company Ted worked for and lived in Modesto, CA for 4 years, then moved up to Sonora, CA for the company had moved there. I had various jobs off and on along with being active in the boys things they did and was active with the American Legion Auxiliary until 1994. Had gotten a divorce in 1993 and met my second husband, Rod Moore, in 1995 and we were married in 1998. We are both retired and live in the country in the foothills of the High Sierra's, in Greeley Hill, CA. We raise Heritage San Clemente Island Goats and Midget White Turkeys and enjoy the peace and quite. Yosemite National Park is only about 45 minutes from our place and from our back yard we can see Yosemite mountains. If anyone is ever in California, they are more than welcome to look me up and come visit.

I met my husband Rick on a white water raft trip in 1992. Six months later we moved to Saipan in the Northern Marianas where Rick was an executive chef and I was the office manager/legal assistant for an attorney practicing international law. When we returned, we opened an Asian restaurant and I went to work for the district attorneys office as their office administrator. We are now retired and spending summers in Colorado and winters sailing in Florida.

A wandering temperament has taken me many places but Wisconsin has always been home. Between schooling and jobs. I've lived in Milwaukee, Madison, Oshkosh, Burlington, Lake

Geneva, Sheboygan, Cudahy and Port Washington. Traveling and going to concerts, movies and restaurants have made the years fly by. I'll be moving from Port Washington to Milwaukee toward the end of August. "

After living in Watertown until 2004, Mike and I became snowbirds. We spent winters in Daytona Beach and summers in Wisconsin until 2014, when we made the Daytona Beach area our home. Our daughters, Julia and Jackie both made their lives in the Daytona Area. We have 3 grandchildren we enjoy spending time with. Mike and I both enjoy golf, the beach, e-bikes, the races, car shows, eating out and local music. I enjoy WEO, book clubs, yoga, walking on the beach, reading books, and playing (a lot) cards.

My daughter and I are business partners. Our business Camelot Enterprises are currently at 4 Renaissance Festivals across the country and hope to open another shoppe in the next year. We opened our first Renaissance Festival 30+ years ago.

I love to garden, but I don't necessarily have a very green thumb. My two cats, like to sit outside on their leashes and help me in my garden.

My daughter and I are both 4-H County Fair judges. We both specialize in Cats, Crochet, Animal and Vet Science, Goats, Pocket Pets and Animal Showmanship.

I enjoy hunting down and collecting DVDs of classic TV series and movies.

I graduated with a bachelor's degree in elementary education from UW-River Falls, where I met my husband. Then I helped put Marvin through Moody Bible Institute's Missionary Aviation program. We served the Lord in Santa Cruz, Bolivia, for twenty years—Marv as an A&P mechanic and I taught in the missionary school. Our son Nathan graduated from Seattle Pacific University. When we left Bolivia we moved to the Seattle/Tacoma area. Marv continued work as an A&P mechanic and I taught at two Christian schools. I'm still involved at school but not teaching full time. After Marv died of anaphylactic shock from a wasp sting, I contracted a small house to be built on our property. Nathan and his family live in what had been our house. It's great to have the three grandkids live next door!

I went to MATC Madison to take a two year accounting program and after one year of it I decided that it was not what I wanted to do for the rest of my life. I went into partnership with my dad to dairy farm which I did with him till he passed away in 94. It was hard being on my own with long hours and old equipment etc. I sold the cows and equipment and now am working at Rosy Lane Holsteins for the past 25 years. I do maintenance in freestall barn and parlor etc, assist with herd work, assist with field work and many more farm related jobs which I've enjoyed doing!

After graduating from Watertown HS, our family moved to Waukesha. I graduated from UW-Oshkosh with a degree in Math, got married to my beautiful wife Betty of 45 years. We have two daughters, both who are RNs, following in their Nurse Practitioner mother's footsteps. After graduating from Oshkosh, teaching jobs were scarce (did receive a teaching offer at the Green Bay Reformatory, but chose to decline that fine offer!), so I worked at a Waukesha company as a 2nd shift forklift driver. As much fun I had racing around on my forklift, I missed seeing my family. So I went back to college part time, and got a degree in Computer Science from Carroll College in Waukesha. After working 5 years for JC Penney's, 3 years for M&I Bank, and 16 years at ProHealth (Waukesha & Oconomowoc Memorial Hospitals), my lovely wife let me retire at age 60. In my retirement, I've been golfing, riding my bike on the Glacial Drumlin Trail, and in our

spare time we take care of our almost 12-year-old grandson, Ethan, during the summer and during his school vacations.

My husband, Joe Hanlin, was a Cardiovascular Thoracic Physician Assistant until his retirement in 2017 and I worked for most of my RN career as a hemodialysis nurse until my retirement in 2018. We lived for 35 years in Marshfield WI where we raised our children. We moved to the mountains of North Carolina in September 2019 to be closer to grandchildren. We live where Nth Carolina, Tennessee and Virginia touch, literally. When people ask me about the weather here I tell them think Wisconsin. We do not have southern weather we have Wisconsin weather but not the extreme cold temperatures and extreme amounts of snow. We will get up to 2 feet of snow, sometimes in one day, but usually only once a winter. Normally we get 3 to 6 inches a half a dozen times throughout the winter. Because we are in the mountains our temperatures during the summer are usually 70s sometimes low 80s. The greatest thing about the mountains is we have a beautiful breeze all the time.

After graduation I headed off to UW-Madison to get an “education” and follow my wife-to-be, Linda Ehster, to Madison. Graduated with a degree in Communication Arts-Radio,TV and Film. The late 70’s and 80’s kinda sucked, (In 1978 the Fed raised their rate to 20%!) so ended up doing a variety of things for work: owned a pet shop, sold industrial maintenance hardware and supplies for a couple different companies, tried to sell real estate (That was kind of a disaster with mid-teen interest rates!), managed a Super America gas/convenience store and worked for a while at WTTN (Now that was an experience!). I finally, landed back at UW-Madison and ended up as Director of Undergraduate **Admissions**. **Life is a** journey. Linda and I have three kids: oldest a girl, a teacher at Oconomowoc High School and two sons, one a respiratory therapist and the other does something with computers and software that I don’t really understand. We have 7 grandkids ranging in age from 3-18 years old! We have lived in Cottage Grove, outside Madison, for 34 years. We spend our time enjoying (and working at) a little cottage we built at Dutch Hollow Lake in LaValle, WI and chasing grandkids wherever they might be. For what it’s worth, I loved high school, wouldn’t trade that time for anything! “Here’s a Toast to the Blue and White!”

Daniel Schmoldt

After what seemed like an interminable college life, in fits and starts, I completed my fourth, and terminal, degree in forest science at UW-Madison and went to work for the U.S. Forest Service in 1987. I held various research scientist positions during the following 15 years, working in Riverside CA, Blacksburg VA, and Madison WI (twice at the Forest Products Lab and once in the Biological Systems Engineering Dept. at UW-Madison). For the next 15 years, I worked as a National Program Leader for the USDA National Institute of Food & Agriculture in Washington DC, where I developed and manage competitive grant programs in engineering, robotics, AI, and horticulture. I remarried in 2015 and retired from federal service in Dec. 2016. Since moving back to Madison in 2017, I have continued to participate in some science-related activities on a part-time basis, but spend most of my time working in our 1/2 acre yard, biking, cooking, volunteering, socializing, and "managing" my 2000-bottle wine cellar. And finally...no kids, no pets, and no bad habits.

After attending UW-Madison for my nursing degree, I married Ed and took my career to Chilton where I had various nursing assignments from maternity care to geriatric care (I whimsically say "from the womb to the tomb"!!). We raised five daughters, all married, and are enjoying our ten grandchildren growing up. We enjoy camping with the family, and I am actively involved in teaching adult and children Bible studies at our local evangelical church. I am looking forward to getting reacquainted with everyone and thank the committee for their efforts.

Beverly Schuett Bailey

Worked part-time in retail, bookkeeper at insurance office and then full time as a Medical Receptionist until leaving the work force in 2010 due to health issues. (Diagnosed with Major Depressive Disorder in my 30's) Married Dennis Bailey in 1976 and blessed in December of 1977 with daughter, Emily. (Most favorite occupation: HOMEMAKER) Became a born again Christian in my 20's witnessing my husband's unwavering faith in the Lord and my 6 yr. old daughter's faith as SHE comforted ME when my younger brother, John died; saying "how lucky Uncle John was because he got to be with Jesus"!!! Emily and I lost her Dad in 2002 to cancer. In 2005 Emily walked the aisle on her wedding day, without Dad at her side; she had written in the wedding program that her Dad taught her that "we never walk alone." I have two amazing grandsons, Benjamin, 14 and Henry, 10, along with my son-in-law, Justin Zastrow. Blessed with family, lifetime friends from places I've worked and neighbors past and present that were placed in my life to help me learn to "Walk by Faith".

The past 50 years for me have been relatively uneventful...boring actually. I was married for 22 years and have been happily divorced for 28 years. I have two wonderful daughters that are my everything. I have a significant other. We've been together for 16 years (no wedding plans). I've lived in south and north Georgia, Bozeman, Mt, and Chicago. I've been in Billings, MT now for the past 42 years. For years I worked as a Certified Surgical Technician. After my divorce, I went back to school and received a BS in Nursing (a childhood dream). I've worked in surgery, as a Nurse Educator for 4 Dialysis units, Palliative Care and in surgical pre and post op. Currently, I'm working at a large senior living community. I'll probably work there until I'm ready for my own room there :)
