Chalet Restaurant

107 W Main

March 6, 1968: The Chalet Restaurant, 107 West Main Street, has a new and attractive front, and along with this improvement, many changes have been made in the interior. The front is of Cedar wood, and is keeping with the chalet motif of the restaurant. To add embellishment, and further augment the chalet aspect, two coach lights, which burn day and night, add considerably to the attractiveness of the front. New tables and booths, with blue upholstered seating, have been placed, and a wagon wheel lighting fixture, placed in the center of the room, creates a pleasing effect. New stools, with backs and all in red, have been placed at the counter, which, along with the blue coloring in the booths and at the tables, creates a delightful atmosphere.
